Chamber orientation	Vertical

Tyne Pressure Testing customers have access to the following range of services and benefits, in addition to their selected testing service:

- Complimentary use of customer offices, breakout areas and conferencing facilities
- Remote access to chambers within our technical control room
- Access to multi-chamber testing to reduce lead times
- Independent facilities hire or full turnkey service
- Logistics and storage
- Research from one of the UK's leading universities

CHAMBER PENETRATIONS

As part of our service offering we can design and machine bespoke chamber connections to meet our customers' testing requirements. Our chambers can make electrical, hydraulic, mechanical and data connections.
